

Transformational Fundraising Campaigns – Ideation Workshop

LUMINATE ONLINE<sup>®</sup>/ TEAMRAISER<sup>®</sup> TRACK

blackbaud DEVELOPERS' CONFERENCE

June 15–17, 2021

### **MARK BECKER**

Session Host: Heather McLean

## Safe Harbor Statement

This presentation contains forward-looking statements that involve inherent risks, uncertainties and assumptions. It outlines Blackbaud's current plans and general product direction as of the date this presentation was created. Functionality described in this presentation that is not currently available is subject to change at any time, without notice, at Blackbaud's sole discretion. It does not represent a commitment to develop or release specific features within the timeframe discussed, according to the presented design, or at all. Please make any purchase decisions based on features and functionality that are currently available.

# Customization of Blackbaud Solutions

As a Blackbaud customer, your Authorized Support Contacts retain the responsibility for providing internal support for Customizations of your Blackbaud solutions by:

- Providing direct support to answer questions regarding Subscription functionality, internal business practices, and troubleshooting processes to Your Non-Authorized Users
- Providing direct support to answer questions regarding Customization specifications, features, intended usage, and Error correction and troubleshooting processes to Your Non-Authorized Users

## Hello! I'm Mark Becker

HOMETOWN: CHICAGO CURRENT RESIDENCE: CELEBRATION, FLORIDA BLACKBAUD PARTNER FOR 13 YEARS

@cathexispartner

We help nonprofits use technology to raise funds and engage supporters effectively and affordably.

virtual team = low overhead = affordable prices!

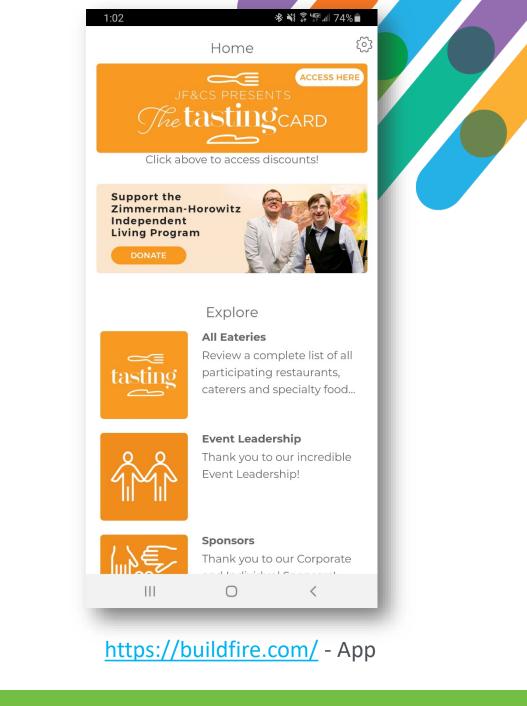

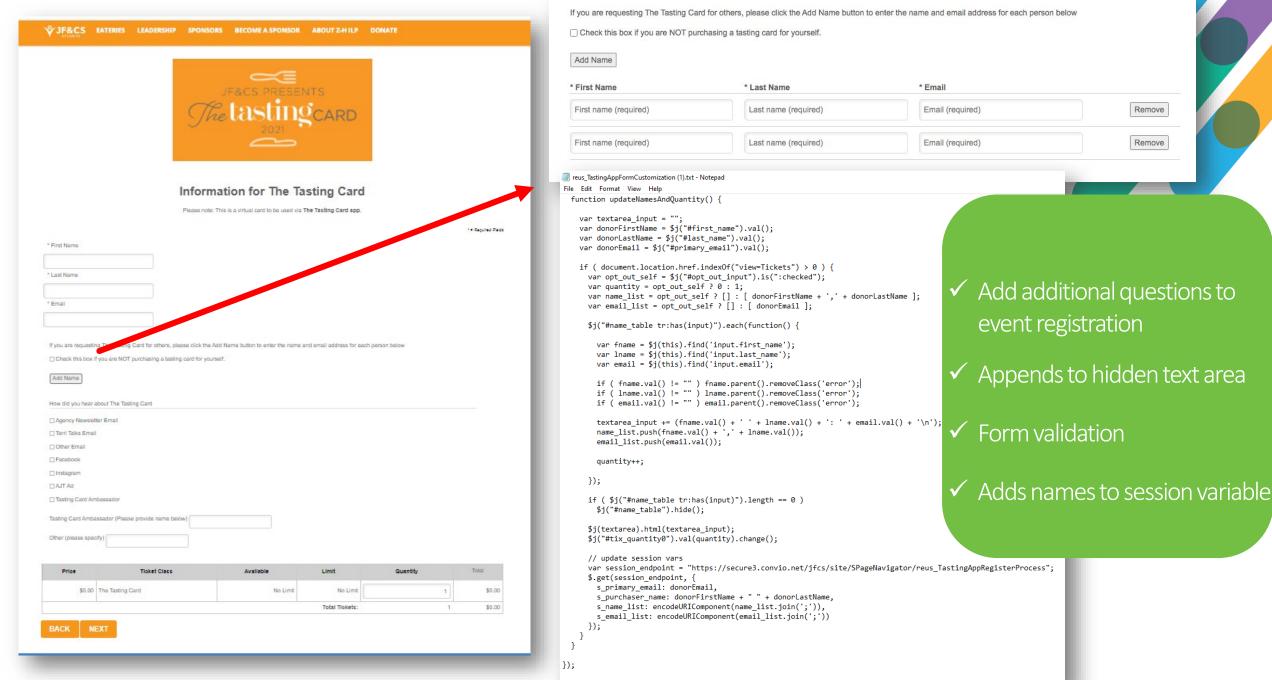

### Purchase your virtual card today at thetasting.org!

Enjoy 20% off\* at 40 amazing restaurants, caterers and specialty food providers with 48 locations around Metro Atlanta by using The Tasting Card from May 10-24!

All proceeds support the Zimmerman-Horowitz Independent Living Program (Z-H ILP), a highly-individualized, nonsectarian, personcentered supportive living program that enables people with disabilities to live as independently as possible.

                                });
                       });
               }
       }
});
```

- Grabs Nth name/email in the list
- Posts data to the Survey API
- Logs out
- Refreshes itself in order to process the next name

\* used this approach vs Survey API posts directly since Zapier callouts originate from a new IP address every time so whitelisting would have been difficult

```

Once a donation is made and the Thank You page is reached, information about the donation is processed and sent to a custom Google Sheet.

A custom macro in Google Sheets then adds this to a transaction log in Google Sheets and the dashboard is updated in real-time.

We're capturing:

- Donor's First/Last name
- Joint donor's First/Last name if applicable
- Whether or not the donor wanted their name to be read on the air

Code also captures one time vs sustaining.

If a sustaining gift, that dollar amount is multiplied by 12 to determine the anticipated annual amount and that is passed along to the Google Sheet instead of the regular donation amount.

\*We, of course, don't recommend sending sensitive donor data. Just what is needed to make the dashboard useful.
